

PERMITIDO RABIGATO | 2022

With grapes, namely old Rabigato vineyards, from the Upper Douro planted very close to the limit of the demarcated region, the strength of freshness was combined with great aging capacity achieved in a very young wine. Highlight for the altitude of these vineyards, close to 650m, and the granitic soil which originate wines with excellent storage capacity.

Region: DOC DOURO

Source: Upper Douro Sub-Region

Grape Varieties: 100% Rabigato

Soil: Micaschist
